Liz still active in GKM, so I would run by her or Tom.

Shaun,

Colorado Public Radio's morning talk show, "Colorado Matters," is looking for a senior EPA guest at 10am MTN on Tuesday, 9/29.

They'd like you to touch on GKM but also discuss other things the agency is working on.

They could probably tape the interview in advance if that works better for you. It would be just you and host Ryan Warner. They'd also like to do a pre-interview before the show.

Interested?

Thanks,

Christie
